A student who scores a level 1 or level 2 on the 2017 FSA may be placed in either Intensive Reading or Intensive Math rather than an elective. Parents will be notified of an Intensive course placement.

Schedule corrections at the beginning of the school year will only be made for the following reasons: 1. The student is missing a required course. 2. The student is missing a class period and/or has too many classes on the schedule. 3. A special program is involved (Exceptional Student Education, Intensive Studies). 4. Class size compliance. Due to this class size requirement, student's course selections may be changed prior to the start of school and schedules may be changed throughout the year.
