\*The bill analysis provided by legislative staff offers the following guidance: “[HB 7069] requires school districts to administer the assessments associated with a May 1 assessment window no earlier than 4 weeks before the last day of school for the district. In effect, this will require the last 4 weeks of a school district’s school year to overlap with the May 1 assessment windows to the extent necessary for all assessments in the district to be administered. This does not require the last 4 weeks of the school year to start with the May 1 assessment window; rather, school districts will have the flexibility to adjust their last day of school to provide sufficient time, based upon the district’s capacity and needs, to administer these assessments within their respective assessment windows.”
