PURPOSE: To provide the consent of parents and/or guardians for students to participate in interscholastic activities of the School District and provide a hold harmless release of liability, to authorize the provision of emergency medical treatment for that student who may become ill or injured during such activities and authorizing the release of protected health information.

PLEASE COMPLETE ALL PARTS

PART I – PARENTAL /GUARDIAN PERMISSION, ACKNOWLEDGEMENT AND RELEASE

A. I, _____hereby grant permission for _____(the "Student Athlete") to participate at _____School during the school year, and I know of, and acknowledge that my child/ward knows of, the risks involved in interscholastic athletic participation, understand that serious injury, and even death, is possible in such participation and choose to accept any and all responsibility for his/her safety and welfare while participating in athletics. With full understanding of the risks involved, I release and hold harmless my child's/ward's school, and the Okaloosa County School District, its School Board, its officers, employees, agents or assigns, of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against the Okaloosa County School District, its School Board, its officers, employees, agents or assigns, because of any accident or mishap involving the athletic participation of my child/ward. As required by F.S. 1014.06(1), I specifically authorize healthcare services to be provided for my child/ward by a healthcare practitioner, as defined in F.S. 456.001, or someone under the direct supervision of a healthcare practitioner, should the need arise for such treatment, while my child/ward is under the supervision of the school. I further hereby authorize the use or discloser of my child's/ward's individually identifiable health information should treatment for illness or injury become necessary.
I understand the Okaloosa County School District requires all students participating in interscholastic athletics be covered by a medical insurance policy providing a minimum of $25,000limit for medical expenses. I hereby certify _____ is covered by medical insurance providing at least $25,000 for medical expenses. **The name of our medical insurance company is_____ which will cover this child in the event of an injury.** I assume full responsibility and liability for any and all expenses connected with an injury and/or illness that is not paid by out insurance company or through Military benefits if this child is entitled to military privileges. I further certify I will notify the principal of the school this child is attending if there is any change in this insurance coverage, and I will purchase the Student and/or Football insurance offered at the school. (STUDENT AND/OR FOOTBALL INSURANCE MAY BE PURCHASED AT YOUR SCHOOL)

B. I grant the released parties the right to photograph and /or videotape my child/ward and further to use said child's/ward's name, face, likeness, voice and appearance in connection with exhibitions, publicity, advertising, promotional and commercial materials without reservation or limitation. The released parties, however, are under no obligation to exercise said rights herein.

C. I also hereby grant permission for my child/ward to be transported by private automobile and/or School District authorized transportation during the school year in which this release is effective to and from all interscholastic sports events.

PART II – EMERGENCY MEDICAL AUTHORIZATION

In the event reasonable attempts me at _____(phone number) have been unsuccessful, I give my consent for (1) the administration of any treatment deemed necessary by _____(preferred physician) or _____(preferred dentist), or in the event the designated preferred practitioner is not available, by another physician or dentist and (2) the transfer and admission of the child to _____(preferred hospital) or any hospital reasonably accessible. This authorization does not cover major surgery unless the medical opinions of two other licensed physicians or dentist concurring in the necessity for such surgery are obtained prior to the performance of such surgery. I hereby authorize any treating physicians, including athletic trainers and team volunteer doctors, to provide information to school officials regarding my child's medical condition or injuries. **Facts concerning the child's medical history including allergies, medications being taken, and any physical impairments to which a physician should be alerted. (list or write "none")_____.**

MEDICAL PROVIDERS MAY ACCEPT A PHOTOCOPY OF THIS SIGNED AUTHORIZATION AS IF IT WERE AN ORIGINAL FOR ALL PURPOSES.

PART III – AUTHORIZATION/CONSENT FOR DISCLOSURE OF PROTECTED HEALTH INFORMATION

I hereby authorize the athletic trainers, sports medicine staff and other health care personnel representing _____(student)

to release information regarding the Student Athlete's protected health information and related information regarding injury or illness during the Student Athlete's training for and participation in interscholastic sports at _____School. This protected health information may concern the Student Athlete's medical status, medical conditions, injuries, prognosis, diagnosis, athlete's participation status, and related personally identifiable health information. This protected health information may be released to other health care providers, hospitals and/or medical clinics and laboratories, Student Athlete's coaches, medical insurance coordinators, the school's Athletic Director and Principal, athletic and/or school administrators, chaplains and/or clergy members, and officials of the Okaloosa County Middle School Athletic Conference. I also authorize the Student Athlete's coaches and other school staff to release protected health information to the athletic trainer, sports medicine staff and other health care personnel as identified above and to other health care professionals providing services to the Student Athlete. As the parent or guardian of the Student Athlete, I hereby confirm that I have signed this authorization/consent for the disclosure of the Student Athlete's protected health information voluntarily. I understand that my child's protected health information is protected by federal regulations under the Health Information Portability and Accountability Act (HIPAA) of the Family Educational Rights and privacy Act of 1974 (the Buckley Amendment) and may not be disclosed without either parent/legal guardian authorization under HIPAA or consent under the Buckley Amendment I the parent/legal guardian understand that once protected health information is disclosed per authorization or consent, the information is subject to re-disclosure and may no longer be protected by HIPAA and/or the Buckley Amendment. I, the parent/legal guardian, understand that I may revoke this authorization/consent any time by notifying in writing to the school's Athletic Director, but if I do, it will not have any effect on the actions the Okaloosa county School officials took in reliance on this authorization/consent prior to receiving the revocation. I understand that I may see and obtain a copy of all protected health information described on this form, for a reasonable copy fee, if I ask for it. I further understand that I may request a copy of this form after I sign it. This authorization/consent expires one year from the date it is signed.

I HAVE READ THE ABOVE AND AUTHORIZE THE DISCLOSURE AND RELEASE OF THE STUDENT ATHLETE'S PROTECTED HEALTH INFORMATION AS STATED.

Part 1. Student Acknowledgement and Release (to be signed by student at the bottom)

I have read the (condensed) FHSAA Eligibility Rules printed on Page 4 of this "Consent and Release Certificate" and know of no reason why I am not eligible to represent my school in interscholastic athletic competition. If accepted as a representative, I agree to follow the rules of my school and FHSAA and to abide by their decisions. I know that athletic participation is a privilege. I know of the risks involved in athletic participation, understand that serious injury, including the potential for a concussion, and even death, is possible in such participation, and choose to accept such risks. I voluntarily accept any and all responsibility for my own safety and welfare while participating in athletics, with full understanding of the risks involved. Should I be 18 years of age or older, or should I be emancipated from my parent(s)/guardian(s), I hereby release and hold harmless my school, the schools against which it competes, the school district, the contest officials and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against FHSAA because of any accident or mishap involving my athletic participation. I hereby authorize the use or disclosure of my individually identifiable health information should treatment for illness or injury become necessary. I hereby grant to FHSAA the right to review all records relevant to my athletic eligibility including, but not limited to, my records relating to enrollment and attendance, academic standing, age, discipline, finances, residence and physical fitness. I hereby grant the released parties the right to photograph and/or videotape me and further to use my name, face, likeness, voice and appearance in connection with exhibitions, publicity, advertising, promotional and commercial materials without reservation or limitation. The released parties, however, are under no obligation to exercise said rights herein. I understand that the authorizations and rights granted herein are voluntary and that I may revoke any or all of them at any time by submitting said revocation in writing to my school. By doing so, however, I understand that I will no longer be eligible for participation in interscholastic athletics.

Part 2. Parental/Guardian Consent, Acknowledgement and Release (to be completed and signed by a parent(s)/guardian(s) at the bottom; where divorced or separated, parent/guardian with legal custody must sign.)

A. I hereby give consent for my child/ward to participate in any FHSAA recognized or sanctioned sport **EXCEPT** for the following sport(s):

_____

List sport(s) exceptions here

B. I understand that participation may necessitate an early dismissal from classes.

C. I know of, and acknowledge that my child/ward knows of, the risks involved in interscholastic athletic participation, understand that serious injury, and even death, is possible in such participation and choose to accept any and all responsibility for his/her safety and welfare while participating in athletics. With full understanding of the risks involved, I release and hold harmless my child's/ward's school, the schools against which it competes, the school district, the contest officials and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against the FHSAA because of any accident or mishap involving the athletic participation of my child/ward. As required by F.S. 1014.06(1), I specifically authorize healthcare services to be provided for my child/ward by a healthcare practitioner, as defined in F.S. 456.001, or someone under the direct supervision of a healthcare practitioner, should the need arise for such treatment, while my child/ward is under the supervision of the school. I further hereby authorize the use or discloser of my child's/ward's individually identifiable health information should treatment for illness or injury become necessary. I consent to the disclosure to the FHSAA, upon its request, of all records relevant to my child/ward's athletic eligibility including, but not limited to, records relating to enrollment and attendance, academic standing, age, discipline, finances, residence and physical fitness. I grant the released parties the right to photograph and/or videotape my child/ward and further to use said child's/ward's name, face, likeness, voice and appearance in connection with exhibitions, publicity, advertising, promotional and commercial materials without reservation or limitation. The released parties, however, are under no obligation to exercise said rights herein.

D. I am aware of the potential danger of concussions and/or head and neck injuries in interscholastic athletics. I also have knowledge about the risk of continuing to participate once such an injury is sustained without proper medical clearance.

READ THIS FORM COMPLETELY AND CAREFULLY. YOU ARE AGREEING TO LET YOUR MINOR CHILD ENGAGE IN A POTENTIALLY DANGEROUS ACTIVITY. YOU ARE AGREEING THAT, EVEN IF MY CHILD'S/WARD'S SCHOOL, THE SCHOOLS AGAINST WHICH IT COMPETES, THE SCHOOL DISTRICT, THE CONTEST OFFICIALS AND FHSAA USES REASONABLE CARE IN PROVIDING THIS ACTIVITY, THERE IS A CHANCE YOUR CHILD MAY BE SERIOUSLY INJURED OR KILLED BY PARTICIPATING IN THIS ACTIVITY BECAUSE THERE ARE CERTAIN DANGERS INHERENT IN THE ACTIVITY WHICH CANNOT BE AVOIDED OR ELIMINATED. Revised 4/16

Consent and Release from Liability Certificate for Concussions (Page 2 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

School: _____ **School District (if applicable):** _____

Concussion Information

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You can't see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional and cleared by a medical doctor.

Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- Vacant stare or seeing stars
- Lack of awareness of surroundings
- Emotions out of proportion to circumstances (inappropriate crying or anger)
- Headache or persistent headache, nausea, vomiting
- Altered vision
- Sensitivity to light or noise
- Delayed verbal and motor responses
- Disorientation, slurred or incoherent speech
- Dizziness, including light-headedness, vertigo(spinning) or loss of equilibrium (being off balance or swimming sensation)
- Decreased coordination, reaction time
- Confusion and inability to focus attention
- Memory loss
- Sudden change in academic performance or drop in grades
- Irritability, depression, anxiety, sleep disturbances, easy fatigability
- In rare cases, loss of consciousness

DANGERS if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate health-care professional (AHCP). In Florida, an appropriate health-care professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes), a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

Return to play or practice:

Following physician evaluation, the ***return to activity process*** requires the athlete to be completely symptom free, after which time they would complete a step-wise protocol under the supervision of a licensed athletic trainer, coach or medical professional and then, receive written medical clearance of an AHCP.

For current and up-to-date information on concussions, visit http://www.cdc.gov/concussioninyouthsports/ or http://www.seeingstarsfoundation.org

Statement of Student Athlete Responsibility

Parents and students should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on autopsy (known as Chronic Traumatic Encephalopathy (CTE)). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotropic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports-What You Need to Know" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport including any signs and symptoms of CONCUSSION. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers of participation for myself and that of my child/ward.

Florida High School Athletic Association

Consent and Release from Liability Certificate for Sudden Cardiac Arrest and Heat-Related Illness (Page 3 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

School: _____ **School District (if applicable):** _____

Sudden Cardiac Arrest Information

Sudden cardiac arrest is a leading cause of sports-related death. This policy provides procedures for educational requirements of all paid coaches and recommends added training. Sudden cardiac arrest is a condition in which the heart suddenly and unexpectedly stops beating. If this happens, blood stops flowing to the brain and other vital organs. SCA can cause death if it's not treated within minutes.

Symptoms of sudden cardiac arrest include, but not limited to: sudden collapse, no pulse, no breathing.

Warning signs associated with sudden cardiac arrest include: fainting during exercise or activity, shortness of breath, racing heart rate, dizziness, chest pains, extreme fatigue.

It is strongly recommended all coaches, whether paid or volunteer, are regularly trained in CPR and the use of an AED. Training is encouraged through agencies that provide hands-on training and offer certificates that include an expiration date.

Automatic external defibrillators (AEDs) are required at all FHSAA State Series games, tournaments and meets. The FHSAA also strongly recommends that they be available at all preseason and regular season events as well along with coaches/individuals trained in CPR.

What to do if your student-athlete collapses:

1. **Call 911**
2. **Send for an AED**
3. **Begin compressions**

FHSAA Heat-Related Illnesses Information

People suffer heat-related illness when their bodies cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a person's body temperature rises rapidly, sweating just isn't enough. Heat-related illnesses can be serious and life threatening. Very high body temperatures may damage the brain or other vital organs, and can cause disability and even death. Heat-related illnesses and deaths are preventable.

Heat Stroke is the most serious heat-related illness. It happens when the body's temperature rises quickly and the body cannot cool down. Heat Stroke can cause permanent disability and death.

Heat Exhaustion is a milder type of heat-related illness. It usually develops after a number of days in high temperature weather and not drinking enough fluids.

Heat Cramps usually affect people who sweat a lot during demanding activity. Sweating reduces the body's salt and moisture and can cause painful cramps, usually in the abdomen, arms, or legs. Heat cramps may also be a symptom of heat exhaustion.

Who's at Risk?
Those at highest risk include the elderly, the very young, people with mental illness and people with chronic diseases. However, even young and healthy individuals can succumb to heat if they participate in demanding physical activities during hot weather. Other conditions that can increase your risk for heat-related illness include obesity, fever, dehydration, poor circulation, sunburn, and prescription drug or alcohol use.

By signing this agreement, I acknowledge the annual requirement for my child/ward to view both the "Sudden Cardiac Arrest" and "Heat Illness Prevention" courses at www.nfhslearn.org. I acknowledge optional educational opportunities in cardiac arrest at www.nfhslearn.org. Please go to www.fhsaa.org/departments/health for further instructions to view the courses. I have been advised of the dangers of participation for myself and that of my child/ward.

PARENT & ATHLETE CONCUSSION INFORMATION SHEET

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. Even a "ding," "getting your bell run," or what seems to be a mild bump to the head can be serious.

WHAT ARE THE SYMPTOMS?

Sign and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If an athlete reports one or more symptoms of concussion after a bump, blow or jolt to the head or body, s/he should be kept out of play the day of the injury. The athlete should only return to play with permission from a health care professional experienced in evaluating for concussion.

DID YOU KNOW?

- Most concussions occur without loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

SYMPTOMS REPORTED BY ATHLETE:

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to noise
- Sensitivity to light
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Just not "feeling right" or felling down

SIGNS OBSERVED BY COACHING STAFF:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

"IT'S BETTER TO MISS ONE GAME THAN THE WHOLE SEASON"

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if a after a bump, blow or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be waken
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously

WHY SHOULD AN ATHLETE REPORT THEIR SYMTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase that time it takes to recover. In rare cases, repeat concussion in young athletes can result in brain swelling or permanent damage to their brain. They can even be fatal.

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

1. If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's okay to return to play.
2. Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, and playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.
3. Remember: Concussions affect people differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.
