School Principals,

Would you please consider posting our web links on your school's website as another resource for teachers and families of students with disabilities? We are Florida Department of Education discretionary projects that serve Escambia, Okaloosa, and Santa Rosa counties. We have worked closely for many years with your district's Exceptional Student Education Department to provide training and supports focused on improving outcomes for students with disabilities and promoting family-friendly systems. Parents and educators are welcome to contact us for professional development, consultation or support needs.

We are pleased to be of service!
