

HOW TO: Connect BYOD Apple to OCSD Network.

1. Login to the device and go to Settings.

 Airplane Mode

 Wi-Fi  >

 Bluetooth Off >

 Cellular >

 Personal Hotspot Off >

 Notifications >

 Sounds & Haptics >

 Do Not Disturb >

 Screen Time >

2. Click the Wi-Fi icon near the time so it shows green.

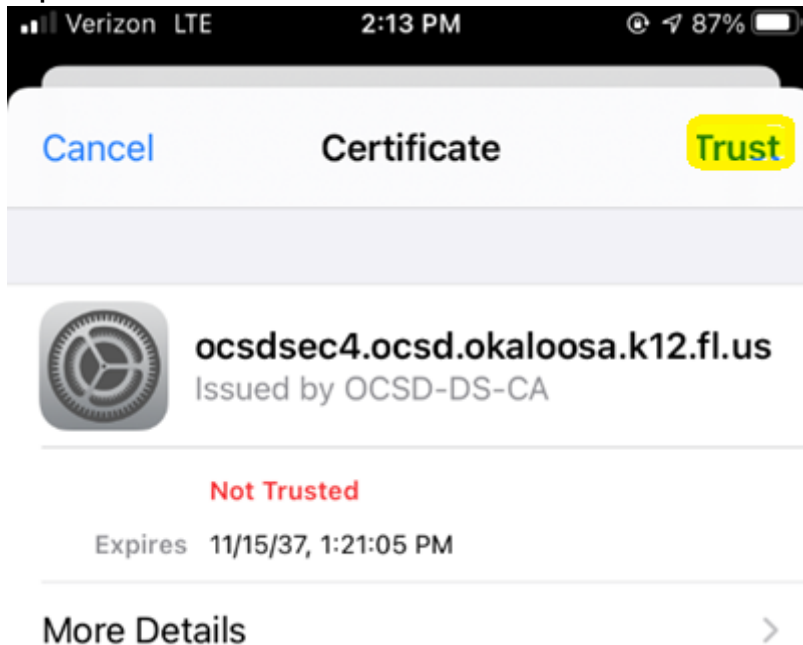

3. Select BYOD highlighted in yellow above.

4. Enter your Okaloosa ID and Password in the

5. Click Join. You may be prompted to accept a security certificate. If so, tap “Trust”.

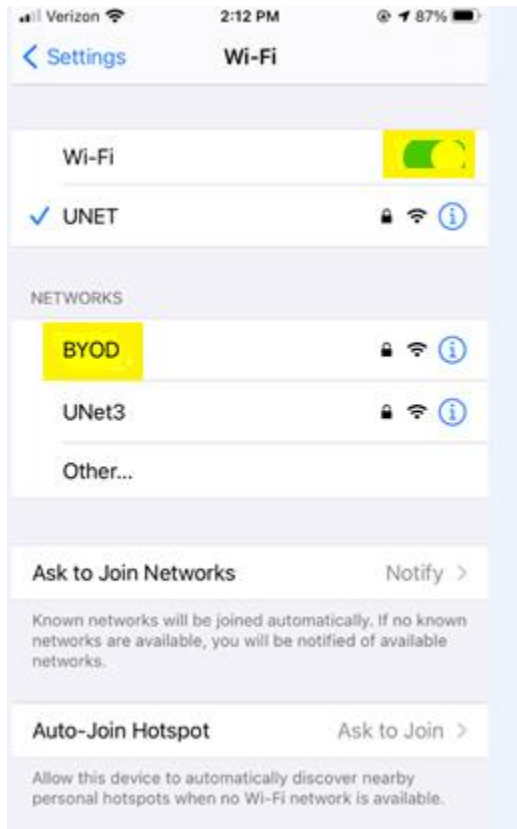

6. Once connected, open your web browser, and go to: <https://www.okaloosaschools.com/depts/tech/internet-access>
7. Click the “Firewall Certificate Download link.
This should download a certificate on your device.
8. You may receive a warning about being unable to verify the authenticity of the certificate, this is expected, Click Install.
9. Your device should be able to access the internet at this point.

****Note****

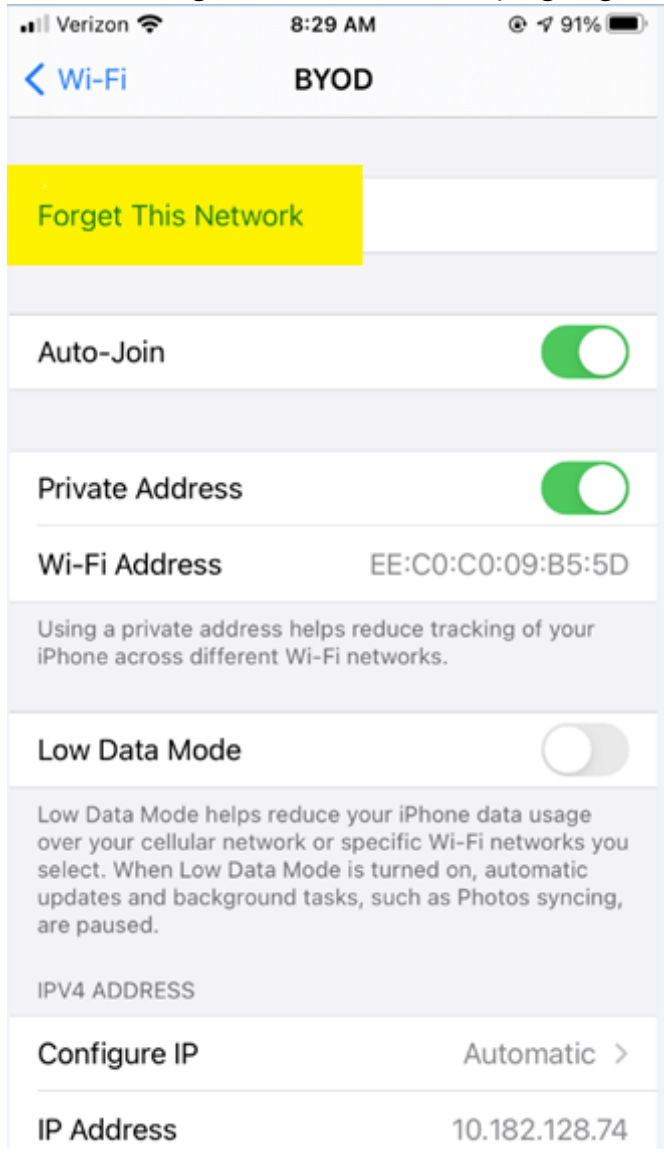

When you change your password for OCSD, you will need to forget the BYOD network and go through these steps again so your password will be updated on the device. The steps to do this are as follows:

1. Login to the device.
2. Click the Wi-Fi icon near the time so it shows green.

3. Select BYOD highlighted in yellow above.

4. Select “Forget this Network”. (Highlighted in yellow below).

5. Click on “Forget” marked in red below.
