Okaloosa Technical College Changes Student's Life

Isaiah Hawkins, a new graduate of the Okaloosa Technical College's (OTC) Air Conditioning, Heating and Refrigeration program, shares his story on how choosing a postsecondary school which truly focuses on building a career can change a person's life.

Testimonial OTC

Rapid changes in Air Conditioning, Refrigeration, and Heating service continue to open a multitude of career opportunities in environmental control of both commercial and residential buildings. Students in the Air Conditioning, Refrigeration, and Heating Technology Program will be equipped with the skills and knowledge required to launch a career as an entry-level technician. OTC makes sure students have the skills to use the tools of the trade to embark on new career in Air Conditioning, Refrigeration, and Heating Technology. Students will be well prepared to take the EPA 608 certification test, the ESCO ER-AC Exam and more. As the seasons change, systems change; but the need for solid technical knowledge and skills never changes.

Air Conditioning, Refrigeration & Heating Technology is a high demand career field. OTC's program trains students for employment as heating, air conditioning, and refrigeration mechanics, installers and service
