coordination efforts.

This is the first year that the Okaloosa Aerospace Academy will be extending our dual enrollment opportunity to Laurel Hill High School! The courses offered include: Unmanned Aerial Vehicles and Systems and Introduction to Aeronautical Science courses with the assistance of Mr. Andy Campbell supervising the Eagle Vision classroom. We are excited to be a part of Laurel Hill and want to give special thanks to Mrs. Martello and Mrs. Craig and the OCS D leadership for their help in all of their

The Okaloosa Aerospace Academy holds a partnership between the Okaloosa County School District and Embry-Riddle Aeronautical University Worldwide to offer courses paid for by OCS D making these course free for students enrolled in our courses. Our program offers dual-enrollment classes, weighted high school credits, and prepare students for post high school and college careers through the CHOICE Program. We aspire to help students attain college scholarships through our Academy, alongside many community corporate, education and citizen group partnerships.
